WORKPLAN – Three Tasks

- 1. RFEI FOLLOW UP -** Reach out to applicants who submitted responses to the original Request for Expressions of Interest (RFEI). Obtain feedback as to why they did not submit proposals under the subsequent Request for Proposals (RFP).
- 2. NON-PROFIT ORGANIZATIONS -** Identify additional non-profit organizations with a mission similar or complementary to that of the National Park Service. Once the list is compiled, Committee could consider appropriate outreach.
- 3. MATCHING NON-PROFIT ORGANIZATIONS WITH FUNDING OPTIONS -** Pinpoint non-profit organizations that might be able to assist other non-profit entities with funding for historic preservation or programming.

WORKPLAN TASK #1 - RFEI FOLLOW UP

■ FEEDBACK from NON PROFIT ORGANIZATIONS:

- The RFP process is too involved and too lengthy (i.e., all the paperwork necessary to close the lease). The process could be simplified somewhat to be friendlier to smaller organizations or organizations that have yet to be formed.
- The organizations providing responses indicated they would have liked more direction and/or feedback from the Committee. They also indicated they were interested in cross-pollination with other non-profit organizations.

WORKPLAN TASK #1 - RFEI FOLLOW UP

Continued

■ FEEDBACK from NON PROFIT ORGANIZATIONS:

- The possibility of a “lease option” or “right and access to the property” (right of first refusal for limited duration of approx. 18 months); and
- A grace period to raise the money necessary to undertake rehabilitation while relying on lease rights as a way to secure funding.
- Additionally heard: “The idea that organizations will be the ones to approach the Committee is naive. They [the Committee] should be more proactive in dealing with the interested organizations.”

WORKPLAN TASK #2

Ongoing Efforts & Next Steps

- **How should we effectively use the research compiled above?**
 - Host an Open House geared towards non-profit organizations
 - Establish a workgroup to provide outreach
 - Meet with organizations that could provide grants
